## THE HISTORY OF THE FIRST FLIGHT

1867

Wilbur Wright was born on April 16. He was the older brother.

Wilbur

1871

Four years later, Orville Wright was born on August 19. He was the younger brother.

Orville

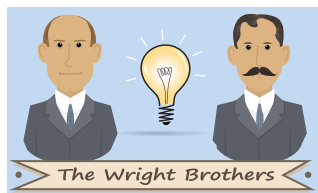

1878

Later on, a small flying propeller toy helicopter was what sparked their passion for aeronautics.

1896

The Wright brothers were working on different projects **when** another researcher made its first attempt to fly. **After that**, they decided to try their own ideas.

The Wright Brothers

1892

**Then**, they opened a bike shop. They fixed bicycles **while** they were designing and selling their own models.

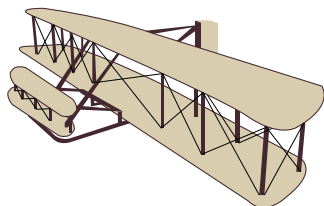

1889

The Wright brothers **first** opened a newspaper. While Wilbur edited the articles, Orville was working as the publisher.

1903

**On December 17**, the Wright brothers made their first successful flight. Their plane flew for 59 seconds.

1909

**In 1909**, the Wright brothers began to sell their airplanes in Europe.

1912

**Finally**, Wilbur fell ill and died of typhoid fever on May 30, 1912. Orville died on January 30, 1948.
